CLAIMS MANAGEMENT PROGRAM
REQUEST A QUOTE**

The Washington Farm Bureau Employer Services Unemployment Insurance Management Program is a comprehensive service to manage unemployment insurance claims. We'll handle the entire claims process from the initial notice of claim through the appeals process as well as request relief of charges for qualifying base year claimants. You'll also receive a concise statement of activity. We're convinced that we can save you time and money! Leaving you more of both, so you can do what you do best - grow your business.

Our fee is 2.25% - 2.5% of the amount of taxes you paid to the Employee Security Department for the last experience year listed on your current Tax Rate Notice with a minimum flat rate of \$300 per year if your taxes paid are under \$12,000. As we are more successful at managing your claims and reducing your taxes, your fees to us are also reduced.
